

NOPHICO (Nokhbegan Pharmaceutical Investment Company)

is one of the largest and most successful Iranian private sector pharmaceutical holding company with more than 60 years of activities.

Our main mission in holding is preparing and manufacturing quality products with standard efficacy by means of using appropriate APIs according to the latest international rules and regulations.

Furthermore, updated know-how with future vision is fundamental of our activities.

Preliminary approvals such as; cGMP, Integrated Management System (IMS i.e.: ISO 9001, 14001, 18001, 17025, 10012 and 10015) enable us to comply with our commitments and visions.

In our vision we are strongly committed to:

- GMP as per latest requirements of WHO & PIC/S for all group members besides necessary certificates in IMS scope.
- Innovation and supplying new products in pharmaceutical market with diversified portfolio.
- Increasing market share in domestic markets for finished products and efficient presence in export markets like wise.
- Customer satisfaction for domestic and international in order to make them loyal customer.
- Introduce Iranian Pharmaceuticals as trustworthy and quality product in International market.

NOPHICO consists of 10 companies in 3 categories:

Import:

Finished Product: Vana Darou Gostar (established in 2005)

Manufacturing:

API: Tehran Chemie Pharmaceutical Raw Material Co.
(established in 2002)

Packaging (PVC and PVDC film): Behineh Pooshesh Jam
(established in 1997)

Finished Product:

- Tehran Chemie Pharmaceutical Co. (established in 1961)
- Tehran Darou Pharmaceutical Co. (established in 1955)
- Afa Chemi Pharmaceutical Co. (established in 1979)
- Iran Hormone Pharmaceutical Co. (established in 1963)

Distribution:

- Hejrat Distribution Co. (established in 1954)
- Ferdos Distribution Co. (established in 1977)
- Darougostar Nokhbegan Co. (established in 2006)

To accomplish our vision, export market presence with our diversified finished products is one of our main strategies and for this purpose **NOPHICO** is enjoying from professional regulatory team and updated essentials along with increasing production capacities according to the latest cGMP and standards in order to capture the region then International markets.

Following, **NOPHICO**'s list of finished products categorized as manufacturing company and its indications.
